

***This lost boy was adopted and in his new home in
Syracuse, NY as of May 13, 2009!***

~~Dalmatian for Adoption~~

An approximate 4 year old Dalmatian was abandoned at Firehouse Engine 30 in Jamaica Queens. Firehouses are no longer able to keep mascots so they are anxious to find him either a foster or forever home.

They did take him to a veterinarian who stated he is in excellent health. He is a nicely marked black and white boy and has a great disposition with everyone that visits with him. He also has been taken to homes with other dogs and children and has had no problems.

He is not neutered. Members of the Dalmatian Club of Greater New York will be more than willing through donations to pay to have him neutered.

Please contact [Anne Esposito](#) at (516) 582-9600 if you have any questions or are interested in helping with this pretty boy.
